On April 4, 2020 The Eating Disorder Foundation (“EDF”) will celebrate its eighth annual Icebreaker Gala, our largest fundraiser of the year, at the Four Seasons Hotel Denver, 1111 14th St. Denver, CO 80202. This special evening will include a cocktail/silent auction reception, live auction, dinner, and dancing.

We are asking for your help to make this year’s Gala another unprecedented success by becoming a sponsor. The Eating Disorder Foundation appreciates the valuable support your organization can provide and hopes you will join us in our mission. This is a wonderful opportunity to open your hearts and be recognized not only for your generosity, but also your courage to break the silence that cloaks this illness. Eating disorders are not an easy topic, yet they remain the most deadly of all mental illnesses, afflicting an estimated 30 million people in the U.S., more than five times the population of Colorado! In fact, you may likely already know someone who is suffering.

The Eating Disorder Foundation is a Denver 501(c)(3) non-profit whose broadest aim is to radically alter the trajectory of suffering, illness and death that accompanies eating disorders. We are not a treatment facility. By offering extensive support services, educational outreach and resources for treatment, EDF is breaking the silence and shame that stand in the way of getting help. We are the only resource of its kind in the U.S., providing drop-in support, workshops, and weekly support groups in Denver and beyond for people who are struggling, as well as their families and friends – all free of charge, thanks to a team of dedicated volunteers. The warm, home-like and non-judgmental environment we have created encourages community, recovery and hope. We also deliver age-specific educational presentations about body image and eating disorders to schools and community organizations throughout Colorado – free of charge. Our services are all conducted with an openness to innovation, dedication to self-realization and an unshakeable belief that nothing should be allowed to compromise the humanity of those we serve.
